

UTSA College of Business

MASTER OF SCIENCE IN FINANCE (MSF)

The MSF program at UTSA provides a comprehensive study of finance and its application to solving financial challenges facing investors, financial institutions and corporations. The rigorous and flexible curriculum is taught by well-known faculty members who have graduated from, and worked at, premier educational institutions. MSF students are prepared to tackle complex problems via in-depth instruction and interactions with industry professionals.

RIGOROUS FOUNDATIONS

Learn the theoretical foundations of finance, financial accounting and statistical analysis. Study advanced topics such as portfolio optimization, risk management, capital markets and financial valuation.

EXCEPTIONAL FACULTY

MSF faculty have graduated or taught at premier institutions such as MIT, UC Berkeley, Michigan, NYU, UT Austin and others. The faculty interact with industry professionals and are on the cutting edge of research in their areas of expertise.

FLEXIBLE CURRICULUM (12 months, 18 months or 24 months)

33 credit hours

"The MSF Program gave me the knowledge and the training to obtain a job at PwC in their Advisory - Risk Management Group. The key driver of my success was the exceptional teaching."

*Divya Inampudi,
PwC Manager
MSF 1999*

"The MSF program provided a rich working environment for learning the fundamental concepts of finance which served as a foundation upon which I have built. I acknowledge the role its personnel played in the success I humbly enjoy today."

*Toby Loftin,
BP Capital,
Managing Principal
MSF 1999*
