About UT San Antonio

The University of Texas at San Antonio is a nationally recognized, top-tier public research university that unites the power of higher education, biomedical discovery and healthcare within one visionary institution.

As the third-largest research university in Texas and a Carnegie R1-designated institution, UT San Antonio serves approximately 40,000 students in 350 academic programs.

The Carlos Alvarez College of Business is a community of scholars who advance business through rigorous and relevant research. Your experience will blend learning both inside and outside of the classroom to encourage you to achieve your full potential.

Program Requirements

- 66 semester credit hours (SCHs), with prior related master's degree
- 75 SCHs, without a master's degree, or a master's degree in an unrelated field
 - If an admitted student does not have the appropriate graduate degree, additional coursework may be required as determined by the PhD Program Committee.
 - It is highly preferred that students be proficient in linear algebra and calculus prior to enrollment.
- Program is full time with a fall semester start. Students are required to enroll in 21 credit hours each academic year with a minimum of nine hours each fall and spring semester and three hours each summer.
- Students should expect to complete the program in four to five years (not including any leveling coursework that may be required).

Scholarships and Assistantships

Early application is strongly recommended to be considered for additional scholarships. Assistantships are generally available to doctoral students in good academic standing for a period of four years.

- Assistantships pay \$27,500 per year for half-time service (19 hours a week)
- Assistantship awards allow the student to be classified as "in-state"
- \$2,500 annual research fund
- Additional fellowship awards up to \$5,000

The Alvarez College of Business provides support for PhD student academic travel and generous grants to support research. The department may offer additional fellowships/ scholarships to top students on a competitive basis.

Career Placements

How to Apply

Applications will open the August prior to your intended start term. To apply, complete the online application: future.utsa.edu/apply/

- Select the application for your intended start term
- After you create an application account, click on the "Add Program" tab
- Select the program "Accounting, Doctor of Philosophy"
- To complete the online application form, you will require:
 - Official transcripts of all undergraduate and graduate coursework completed
 - Foreign credential evaluation (if applicable)
 - Recent GMAT or General GRE scores (from the last five years)
 - TOEFL, IELTS or Duolingo (international students)
 - Personal statement of academic interest and goals
 - Resume or Curriculum Vitae
 - Three recommendation letters from academic or professional sources
- Pay your application fee (\$50 domestic or \$90 international) and submit application

Admissions Committee Review

Once a completed application is received, the PhD Program Committee will review and conduct interviews with top candidates. Admission decisions will follow.
